Header.js

```
import React from 'react';

const Header = () => {
 return (
  <header className="header">
   <div className="header-logo">Flipkart</div>
   <nav>
    <ul>
     <li>Home</li>
     <li>Categories</li>
     <li>Offers</li>
     <li>Login</li>
    </ul>
   </nav>
  </header>
 );
};

export default Header;
```
